Organizations that invest in leadership development

perform better than those that don't. It's that simple. Several independent, in-depth studies have consistently reached the same conclusion and these experts point to the fact that leadership development is one of the most pressing issues facing organizations today – and represents a significant opportunity for them to seize competitive advantage in their industries.

EXCEL GM™ is a 12-month program that results in reduced General Manager turnover, increased employee engagement and better business outcomes. It specifically targets building higher levels of employee engagement and is designed to improve overall leadership habits and rhythms.
